

## **INSTRUCTIONS FOR USING THE PROJECTOR:**

**CAUTION: BEFORE USING, REMOVE THE PROTECTION AND THEN, AFTER USE, PUT IT BACK ON, MAKING SURE TO TURN IT OFF BEFOREHAND.**

- take the larger remote control (from the Orange box located in the sideboard) and press the on/off button once.

- take the remote control of the projector and press once on the red button (on/off) towards the projector, if necessary select the input source mode: HDMI 1 [after a few seconds or minutes, Orange TV should appear on the screen projected on the wall above the buffet].

- take the remote control for the speakers (the smaller remote control) and press the on/off button once in the direction of the speaker next to the sofa (the light will then light up blue at the bottom left of the speaker) then press the button with the "bluetooth" icon once

- on the screen (the wall above the sideboard) a message will appear indicating the detection of a bluetooth device: validate "OUI" by pressing the "OK" button on the remote control of the projector.

- take the remote control of the speakers (the smallest remote control) and press the (+) volume button to adjust the sound volume

- then take the Orange box remote control (the larger remote control) and press the "OK" button to access full screen TV.

- the size of the projection screen on the wall is adjustable: push the projector gently towards the wall to reduce its size or pull it gently towards the edge of the sideboard (taking care not to exceed the white plastic stops so that it does not fall down....!)

## **2°/ USE:**

- now everything is ready and you will only need the remote control of the box (the biggest remote control) to zap and adjust the sound..., according to your wishes.

- **Don't forget to turn off the projector**, by pressing once on the red button (on/off) of its remote control, **before putting back the protection**. Its protection is essential, **in case of non-use**, in order to preserve the quality of the image.

**3°/ THANK YOU FOR THE CARE WITH WHICH YOU WILL USE THIS EQUIPMENT SO THAT OTHERS CAN ENJOY IT IN OPTIMAL CONDITIONS.**

**I WISH YOU A VERY PLEASANT STAY IN YOUR HOME.**
